THE RECALL OF AOKI

Diplomatic Sensation of the Day at Washington.

MUCH SPECULATION ON SAME

It is Said the Ambassador Was Withdrawn in Spite of an Earnest Wish of President Roosevelt that He Remain.

Chicago, Dec. 5.—A dispatch to the Tribune from Washington, says:

The recall of Viscount Aoki, the Japanese ambassador, is the diplomatic sensation of the day in Washington, D. C.

Its significance was heightened on Tuesday by information allowed to leak out that he had been withdrawn in spite of an earnest intimation made to his government by President Roosevelt that he would be glad to have the ambassador remain accredited to the United States.

While the authorities are not a little puzzled and a great deal concerned over the strange course of the Japanese government, they claim it should have no doubt as to the friendly purposes of the United States.

Viscount Aoki in no way countenances the stories that his orders to return home are dictated by a desire to emphasize disapproval of the friendly policy he has observed. On the other hand, he desires that the cabinet in power in Tokio and the great mass of people recognize the debt they owe to America, and want to restore the old friendly relations which existed while the Russo-Japanese war was in progress.

But in face of the ambassador's open face were facts which demonstrate that his government would prefer the adoption of a more aggressive attitude on the part of its representative in Washington.

NEW GOLD PIECES.

$2,300,000 of Them Shipped to Sub-Treasuries from the Mint.

Philadelphia, Pa., Dec. 5—The first installment of new gold twenty-dollar pieces has been shipped from the United States mint in this city to various sub-treasuries about the country.

There were 115,000 of them, their monetary value being $2,300,000.

On one side of the coin is an eagle flying, with outstretched wings, while on the other side is a figure of "Liberty." The coins were made concave the figures being in high relief, nine strokes of a hydraulic press being required to make them. Hereafter only one stroke will be used and thus the coins just circulated will be different from those to be put in circulation later.

PROHIS MAY WIN.

Effort to Move New York State Into the "Dry" Column.

New York, Dec. 5.—That the prohibitionists are making an effort to move New York state into the "dry" column and that unless action is at once taken they will have the fight, more than half won, was the statement made before the annual meeting of the Hotel Men's association of the state.

A good portion of the meeting was devoted to a discussion of the situation, some urging that the association take active steps to begin a campaign in opposition to the prohibitionists.

Bride's Finery Lay Near Dead Groom.

Patterson, La., Dec. 5—With a complete outfit for a wedding, including the bride's finery, lying nearby, the murdered body of J. Giovanie, a young Italian was found here on Tuesday. Twenty-five stab wounds, the police think, point to jealous rival as the slayer. Giovanie was returning from New Orleans where he had gone to buy the wedding outfit.

Body Is Found in Creek.

Lawton, Okla., Dec. 5—The body of D. R. Dankin, cashier of the defunct Merchants and Planters' bank, who mysteriously disappeared a month ago, was found in Cache creek, near Lawton this Tuesday.

BOLDEST BURGLARY ON RECORD.

Robbers Get $5,000 Worth of Jewelry In Broad Daylight.

New York, Dec. 5.—A new development in burglary was displayed on Tuesday when Abraham Bobier's jewelry store in West 116th street, was robbed of jewelry said to be valued at $5,000, while Bobier was in the store.

Bobier had dressed his window by piling up a number of boxes and covering them with black cloth. On this cloth jewelry was displayed. Several times Bobier thought he heard rats in the floor, but paid little attention to the scratching noise. While he was waiting on customers in the rear of the store, a friend came in to ask why Bobier had removed the jewelry from the window. The jeweler rushed to the window. Almost every article of value had disappeared.

Investigation showed robbers had entered the cellar under the store, cut a hole two feet square in the floor into the boxes, climbed up into one of the boxes by means of a ladder, cut a small hole through the top of the box, slit the black cloth and picked the pieces of jewelry out of the window without trouble.

Two well dressed women had been in the store a short time before and had kept Bobier engaged in the rear of the room for some time, although they made no purchases.

The janitress of the building remembered seeing two strange men leave the building by the stairway entrance a few minutes before the women departed.

JEWELS STOLEN ON CAR.

Lady of Paris, France, Is Robbed of $10,000 Worth of Jewelry.

Richmond, Va., Dec. 5—On a Pullman car, which left Jersey City at 10 o'clock Monday night on a train for this city over the Richmond, Fredericksburg and Potomac railroad, a connection of the Pennsylvania, $10,000 worth of jewelry is said to have been stolen from a handbag belonging to the wife of Dr. Edward Fribourg, of Paris, who, with his wife, was on his way to North Carolina. The robbery was discovered when the passengers awoke Tuesday morning while the train was between Fredericksburg and Richmond. The bag had been opened and relocked after the abstraction of the jewelry.

Dr. Fribourg is a chemical expert in the service of the government, and was in company with Malcolm MacKenzzie, of New York, who had engaged him to make certain turpentine analyses. The servants on the Pullman are under detention, and the passengers were searched, but no clew has been found.

Madame Fribourg displayed her jewelry the other night while dining at a hotel in New York, and the theory of the police here is the couple were followed by New York crooks, who, after committing the robbery, left the train.

To Join Pacific Fleet.

Philadelphia, Pa., Dec. 5—The battleship Kansas sailed from the League Island navy yard Wednesday for the Hampton Roads to join the fleet which is to sail for the Pacific. The Kearsarge is scheduled to sail at 8 o'clock Thursday morning and will be followed a few hours later by the Georgia. The battleship Maine will sail Friday. The cruiser Brooklyn, towing the monitor Miantonomah arrived at the League Island navy yard from Norfolk.

Shops at Waycross Near Completion.

Savannah, Ga., Dec. 5—President Emerson, of the Atlantic Coast Line railway, was in Savannah Tuesday. He says the Waycross shops are almost ready to begin operations, and that they will be running full blast at an early date. Mr. Emerson was not very enthusiastic nor optimistic regarding business. He said the shutting down of lumber mills has hurt the business of his system considerably.

Cleared of Robbing Mails.

Columbus, Ga., Dec. 5—The federal grand jury has investigated the charge that was made against W. E. Chilwood and failed to find a bill. He was charged with having robbed the United States mail. Several cases of minor importance have been disposed of by the court. Judge W. T. Newman presiding.

4 KILLED; 20 INJURED

Crash on the Baltimore & Ohio Railroad.

WAS A REAR-END COLLISION

Trains Which Were Wrecked Were Local Passenger Trains Nos. 142 and 144—Accident Occurred Near Elkridge, Md.

Baltimore, Md., Dec. 5.—Four persons were killed and twenty injured in a rear end collision on Wednesday morning on the Baltimore and Ohio railroad near the city of Elkridge, Md.

The wrecked trains were local passenger trains Nos. 142 and 144 from Washington for Baltimore.

Four persons in all were killed. All of the killed were negroes and were riding in the car reserved for negro people.

All of the injured were brought to Baltimore. Several of them are said to be seriously hurt.

The first train was 25 minutes late, having been delayed by a broken rail at Jessups, where it had backtracked to let an express pass.

While standing at Hanover station taking on passengers the second train came around the curve at that point at a high rate of speed and crashed into the rear car of the stationary train, smashing the car and driving it into the next coach ahead.

The last car of No. 142 was divided into a smoking compartment and a section for negroes. It was in this car that the deaths occurred.

The movement of trains on this branch of the Baltimore and Ohio system is controlled by an automatic electric signal. When a train enters a block, electricity throws a red target.

TO FACE FORGERY CHARGE.

Just Returned from European Tour, Man Is Taken into Custody.

Chicago, Dec. 5.—J. W. Walenski, who last year announced he intended paying off the indebtedness of Benton Harbor, Mich., to rid himself of a part of the $1,000,000 he had amassed through the discovery of a gold mine at Goldfield, Nev., was brought back to Chicago Tuesday night to face a charge of forgery.

Walenski, who for five years was employed as cashier by the Butterick Publishing company under an alias of J. W. West, is said to have obtained $10,000 through forging the name of A. E. Nicholson, western manager of the concern.

He was arrested in New York ten days ago as he stepped from a steamer, after a trip through Europe.

ON DEATH'S THRESHOLD.

Mother of Secretary Taft Is Not Expected to Live.

Worcester, Mass., Dec. 5—The condition of Mrs. Louisa M. Taft has become so serious that her son, Horace, was telegraphed for and arrived Tuesday night from Watertown. A conference was at once held as to the advisability of notifying Secretary Taft so that he may hurry home.

His mother is unconscious and is growing weaker daily, and the attending physician says her death can be expected at any time.

Horace Taft announced after the long conference, that no message would be sent to Secretary Taft. The family consider his absence a matter of state more important than his presence at his mother's bedside.

Root Sends Invitations.

Washington, Dec. 5—Secretary Root has sent out invitations to his fellow members of the cabinet and justices of the supreme court to dinner at the New Willard next Monday evening to meet the delegates to the Central American conference at present in session in this city.

More Gold Coming.

Southampton, Dec. 5—The White Star Line steamer Oceanic, which sailed hence Wednesday for New York carried 275,000 pounds in gold.

$50,000,000 FOR WATERWAYS.

National Rivers and Harbors Congress Convenes at Washington.

Washington, Dec. 5.—Delegates arrived in Washington Tuesday to attend the national rivers and harbors congress, which convened Wednesday for a three days' session. Upwards of 3,000 delegates are present, representing every section of the country. The movement is national in scope, and has for its object the securing from congress of larger appropriations for the improvement of the inland waterways of the United States.

"Not less than $50,000,000 a year for waterways," is the slogan of the delegates.

Ambassador Von Sternburg of Germany and Jusserand of France are on the program for speeches and will discuss the advance made by their respective countries in waterway improvement and the part it has played in the upbuilding of the commerce of Germany and France.

Railroad interests are represented by James J. Hill, of the Great Northern railroad, and W. W. Finley, of the Southern railway. Governors Hoke Smith of Georgia, Cummins of Iowa, Johnson of Minnesota, Dineen of Illinois, Folk of Missouri, Warfield of Maryland and Dawson of West Virginia, are on the list of speakers.

RECEIVED BY DIAZ.

Delegates to the Third International Sanitary Conference.

Mexico City, Dec. 5—President Diaz received the delegates to the third international sanitary conference at the national palace Wednesday. He congratulated them upon the work of the conference which he said had done a trans-continental good in all of the American countries.

In the regular session, the report of Dr. Juan Guiteras, of Cuba, was the most important business taken up.

Dr. Guiteras offered a resolution that the sanitary measures as passed by the Washington conference of 1905 be presented to the European powers at the next sanitary conference which may be held with the recommendation that the conference adopt the Washington measures so as to make uniform regulations of all countries as regards the handling of yellow fever. The Paris conference of 1903 left this undetermined.

FARMERS' PLAN QUITE POPULAR

Birmingham Merchants and Banks To Accept Their "Scrip."

Birmingham, Ala., Dec. 5.—A practical method of relieving the financial stringency existing in Birmingham, Jefferson county and this section, has been devised by local officials of the Farmers' union, and will be put into practice at once.

The plan is for the farmers who desire to borrow money on their cotton without relinquishing the title to it to place the staple in the local warehouse as collateral, on which the warehouse will issue notes of hand or what is popularly termed "scrip" to the extent of 7 cents per pound.

Practically all of the merchants doing business in the city have agreed to take it as payment for notes held against merchants.

The new plan has the entire approval of officials of the Farmers' union of Alabama.

Warning to Policyholders.

New Orleans, La., Dec. 5—The policyholders' committee of the Mutual Reserve Life Insurance company of New York, of which J. W. Hyams is chairman of the executive committee, issued an address to the policyholders warning them not to give proxies to the officers of the company for use at the special meeting of policyholders to be held in New York Dec. 10.

Lumber Plant Suspends.

Pensacola, Fla., Dec. 5—The big lumber plant of the Escambia Land and Manufacturing company, known as the "Wright Mill," suspended operations Tuesday, throwing several hundred men out of work. It is also announced that extensive logging operations of the company in Alabama and Florida have been stopped. Lack of demand and low prices of lumber are given as reasons for their suspension.

WOMAN THREW BOMB

Attempt Made on Life of Governor General of Moscow.

ESCAPED BY NARROW MARGIN

Woman Who Threw the Bomb Was So Mutilated by the Exploding Bomb She Is In a Hospital Dying—Coachman Seriously Injured.

Moscow, Dec. 5.—An attempt was made to-day upon the life of Lieutenant General Dubasoff, governor of Moscow. He escaped by a narrow margin.

A woman hurled a bomb into the governor's carriage while he was in the Lefort quarter of the city. The horses were blown to pieces and the coachman was seriously injured.

The governor escaped unhurt and came out of the explosion a free man.

The woman was so seriously injured by her own bomb that she will be removed to a hospital.

The woman cannot survive her injuries.

THREY L. FORD ACQUITTED.

On Bribery Charge, San Francisco Lawyer Is Dismissed.

San Francisco, Dec. 5—Threy L. Ford, general counsel of the Southern Pacific Railroads, was late Tuesday afternoon acquitted of the charge of having bribed former Supervisor Jennings Phelps to vote for an overhead trolley franchise.

The case went to the jury at 3 o'clock and the verdict was rendered five hours later.

General Ford gave to the Associated Press the following statement:

"I cannot say the verdict was unexpected for I knew that no case had been made or could be trumped up against me. Under the peculiar conditions now existing in San Francisco greatly to the credit of the citizens who have just rendered their verdict that they have the courage to stand by an act and even justice to a fellow citizen. My sincere and heartfelt thanks are due and are hereby extended to the host of friends who have stood by me and knowing me realized that no other result could possibly follow a fair trial."

MORTALITY IN NEW YORK.

Recent Financial Flurry Said to Have Increased Same.

New York, Dec. 5—The sudden increase in the mortality of New York, is due, in part, at least, to the recent financial flurry, in the opinion of Dr. William H. Guilfoy, registrar of vital statistics.

The records of the health department show that 104 persons died of heart disease during the week ending Nov. 30, an increase over the corresponding week last year. Many of these were people of middle years of age.

"I ascribe the unusual mortality among aged persons in New York to several causes," said Dr. Guilfoy, "but the recent flurry in money matters is undoubtedly accountable for many of the deaths."

Coke Ovens Shut Down.

Bristol, Tenn., Dec. 5—The rolling mills here have shut down temporarily, throwing 1,500 men out of work. One hundred and fifty coke ovens at Stonega, Va., are also shut down and 500 men are idle. The Norton Coal company has closed all its ovens, and 60 per cent of the men have been laid off. The output of coke has been reduced 50 per cent. Operators are quoted as saying they will not manufacture it at a profit.

Met For First Time.

Washington, Dec. 5—The executive committee on currency reform met Wednesday for the first time since its re-organization. Chairman Fowler stated that the object of the meeting was to permit the members to get acquainted with each other's new ones, and possibly to discuss the situation in an informal way. He declared that he had no financial bill in preparation.

COLDEST WEATHER OF THE SEASON

Government Thermometer Registered Thirty-One Degrees.

REPORTED 24 AT CENTER HILL

Evidently the Cold Wave Struck Florida in Spots—All Tender Vegetables Not Under Cover Killed—Cabbage and Lettuce Not Injured, However.

The cold wave which struck this section Wednesday afternoon resulted in severe damage to vegetables not under cover. The Government thermometer in Gainesville registered 31 degrees Thursday morning, but some of the thermometers of private parties registered 30. Ice formed in several places in town and the air was exceedingly raw up to late in the evening, when it moderated considerably.

Report comes from the Micanopy section that all tender vegetation not under cover is a total loss. Cabbage and lettuce are not included, however.

It was reported here Thursday that the thermometer registered 24 degrees above zero at Center Hill, a great truck-growing section nearly 100 miles South of Gainesville, and that everything was killed.

News from Tarpon Springs was to the effect that the temperature dropped as low as thirty.

The Weather Bureau says we will have warmer weather today.

A Card of Thanks.

Miss Lila Frasier, one of Alachua county's efficient teachers, who underwent a surgical operation at the Odd Fellows' Sanitarium some time since, is rapidly recovering, and is enjoying a few weeks' stay with her parents, Mr. and Mrs. C. C. Frasier, at Alachua.

Miss Lila desires to express her sincere gratitude and deepest appreciation of the many kindnesses shown; to Dr. J. H. Hodges, who performed the operation and watched so carefully her every symptom, and Mrs. Bradley, whose untiring and constant care, together with her faithful corps of nurses; of the kindness and sympathy shown herself and parent, by the good people of this city and Arredondo.

Miss Lila expects to return to her school the first of January, nothing preventing.

MEMORIAL EXERCISES.

Kirby Smith Chapter Pays Tribute to Memory of Two Ladies.

The regular monthly meeting of Kirby Smith Chapter, United Daughters of Confederacy, was devoted to memorial exercises in honor of the memory of Mrs. Sheldon B. Stringer, the lamented president of the Florida Division, and Mrs. E. Kirby Smith, widow of General E. Kirby Smith, after whom the chapter is named.

The meeting was held at the home of Mrs. Evans Haile and a large membership was present, as well as several visiting ladies. Following was the program as carried out:

Repeating the Lord's Prayer, which is the regular custom.

Song, "Nearer, My God, to Thee," by chapter.

Mrs. H. H. McCreary then gave a sketch of the life of Mrs. Stringer, after which resolutions of sympathy on the death of this beloved lady were adopted.

Mrs. J. E. Wainwright read an interesting sketch of the life of Mrs. E. Kirby Smith.

The following resolutions on the death of Mrs. E. Kirby Smith were offered by Mrs. L. W. Jackson and unanimously adopted:

Resolutions.

Whereas, It has pleased an all-wise, yet inscrutable Providence to remove from among us one whom we have loved and honored for many years, not more because of the fact that she was the relict of our gallant and beloved General than because of her own intrinsic worth and sterling qualities of head and heart; be it therefore

Resolved, That while we realize that in her death our entire Southland has sustained an irreparable loss, yet we bow in humble submission to that Divine dispensation which has wrought for her eternal gain, and which has ultimately rewarded that patriotic devotion which gave from her heart her noble husband to the hazardous fortunes of war, by calling her, to a most joyous reunion with him in the realms of eternal peace; and be it further

Resolved, That we, the sisterhood of Kirby Smith Chapter, do herewith extend our united, sincere and heartfelt sympathy to those bereaved ones who, for a season, have bidden her farewell; and be it further

Resolved, That these resolutions be published in The Gainesville Sun, and a copy sent to the family who by reason of her demise have been so sorely bereft.

Sister, farewell. No more shall war's demands
Enforce a parting of the sacred bonds
Which bound thee to the Lord, by love enthralled,
Yet bade begone when suffering country called;
We waft thee greeting o'er the narrow sea
Dividing time and bright eternity.
Rest! sainted soul, and never know decrease
Of Heavenly joys. Be thine eternal peace.

The doxology was sung and the meeting adjourned.

AN EARNEST REQUEST.

Rev. S. B. Rogers Requests Information Regarding Needy Poor.

Editor Sun: Being unable to visit all parts of the city, especially the outskirts, and being desirous that no one in need of the real necessities of life, who are unfortunate and worthy, shall be neglected, I appeal to the public generally for information. Ordinarily, I have this information in my possession, but circumstances have been such that I need ask your assistance in obtaining it now.

Any person having knowledge of such characters will confer a great favor upon me personally by sending to my address names, locations, and full information regarding them not later than December 20th.

Respectfully, S. B. ROGERS.

A Delightful Occasion

On Wednesday afternoon the Junior B. Y. P. U. held a most delightful meeting at the home of Rev. S. B. Rogers and his good wife from 3 to 5 o'clock.

The young folks simply "stormed the place," to use the good-natured expression of Dr. Rogers, and for two hours took charge of everything about the premises.

There was a most interesting program of music, etc., after which refreshments were served.

The young people, like everyone else, think a great deal of Dr. and Mrs. Rogers, and it is their delight, apparently, to take them unwares and show their admiration by their friendly deeds.

USING

Rexall "93" Hair Tonic

THOS. J. BROOKS

THOS. J. BROOKS

LOUISVILLE, KY., May 24, 1905.

Gentlemen:

Allow me to say a word endorsing the remarkable merits of your Rexall "93" Hair Tonic.

My attention was called to this remedy by one of your clerks, who guaranteed beyond question it would stop my hair falling out, and also put my scalp in healthy condition for new hair.

I hand you photograph before starting to use it, which shows me to be nearly bald. After using two bottles I saw decided improvement, so continued its use. I have used seven 50-cent bottles, and have a heavier suit of hair than I ever had in my life.

I also enclose photograph taken a few weeks ago, showing the wonderful results in a short time.

I take great pleasure in making this statement to you, gentlemen, endorsing your great Rexall "93" Hair Tonic, and will answer promptly all inquiries regarding it.

I am at present special agent of the Western and Southern Insurance Company, 21-22 Courier-Journal Office Building, this city.

Very respectfully,

Thos J Brooks

This is a remarkable case—an exception to the rule. We do not promise that "93" will grow hair on every bald head—but we do guarantee, because we know, that it will stop falling hair, cure dandruff, and give satisfaction to anyone needing a hair dressing. If it doesn't, bring back the bottle, and we'll refund the 50 cents you pay for it.

A DISASTROUS FIRE.

The Commissary, Barn and Wagon Shed of S. G. Gay & Co. Burned.

There was a disastrous fire in the vicinity of Raleigh Saturday night, the information of which has just reached this city. The property valuation was about $1,500, comprising the commissary, barn and wagon shed of S. G. Gay & Co., naval stores operators. There was no insurance, as the rate is so exorbitant on enterprises of this kind located where there is no adequate fire protection that in many instances owners of the places cannot afford to carry insurance.

The fire started about 1 o'clock Sunday morning, and was well under way before being discovered. When discovered it was impossible to save the building or stock, notwithstanding the heroic efforts of those who attempted to extinguish the flames.

Gay & Co., who have several places, their headquarters being in Micanopy, will rebuild this plant at once, and lumber is already on the ground. Within the next month all burned buildings will be erected, and business will be continued the same as before.

Earnest Workers' Supper.

Remember the oyster supper and handkerchief and apron bazaar of the Earnest Workers' Society of the Presbyterian church, which will be held this evening in the new dining room of the Brown House.

There will be plenty of oysters served in all styles at right prices and all friends of the society and the public generally are cordially invited to attend.

Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies and was under the care of our best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement and five bottles cured me completely. I have since passed a rigid examination for life insurance." EX. STATE SENATOR CHARLES WILSON

Of Bartow Dies In San Francisco Sanitarium.

VERY PROMINENT IN POLITICS

Member of Constitutional Convention in 1885 and State Senator from Polk County for Four Years—One of South Florida's Leading Lawyers.

The Bartow correspondent of The Jacksonville Times-Union, under date of December 4th, gives the following sad information:

"News has just been received here of the death in San Francisco, Cal., of former State Senator C. C. Wilson, a resident of this city.

"Three weeks ago, accompanied by his wife and Dr. F. M. Wilson, Mr. Wilson left here for San Francisco to enter a sanitarium for treatment, and the news of his death came as a great shock to his many friends here.

"The body is expected to arrive here Sunday morning, and the funeral services will probably be held Sunday afternoon.

"Charles Cooper Wilson was born in Marion county, December 28, 1858. His father, Judge James T. Wilson, removed from his native State of Georgia in 1852 and settled in Hillsboro county, later went to Manatee and subsequently to Polk county, locating in 1882 six miles from Bartow and resided there until his death. He was quite prominent and well known. Judge Wilson married Adeline Hendry of Thomas county, Georgia, who died in Polk county. Their son Charles, receiving a preliminary education in the schools of Polk county, afterward entering the law department of the Washington and Lee University, in Virginia, where he was graduated in 1882 with the decree of B. L. He was immediately admitted to the bar and began the practice of his profession. One year later he formed the yet existing partnership with his brother, Thomas L. Wilson. They were attorneys for the Savannah, Florida and Western railway, the Western Union Telegraph Company, and the Polk County National Bank, besides a number of phosphate companies. In 1885 Mr. Wilson was a member of the constitutional convention from Manatee and Polk counties. From 1882 to 1885 he was prosecuting attorney for Polk county in the county court. He was elected to the Senate from Polk county at the last election for the sessions of 1901 and 1903 and in the session of 1901 was made chairman of the judiciary committee of the Senate, a high compliment, as that is the most important of all committees. In 1882 Mr. Wilson was married in Bartow to Helen Johnson, a native of this county. They have three sons, Bradley C., Milton and Chipley, and two daughters, Tommie Lee and Annie Laurie."

THE CIRCUIT COURT.

Three Cases Continued, Another Came to Trial and Acquitted.

The circuit court Thursday was a busy one, as the lawyers in the various cases seemed anxious. They appeared to be doing all they could to further the interests of the court, but frequent conferences in the record. The chief position of the court, Judge Wills, was very patient, permitting nearly all the time to bring out certain points in the matter of motions for continuances.

INTERESTING MEETING.

Twentieth Century Club Meets With Mrs. E. E. Cannon.

The Twentieth Century Club met at the residence of Mrs. E. E. Cannon Monday afternoon at 3 o'clock. The meeting was called to order by the President and twenty-two ladies responded to roll-call.

After the routine business was transacted the report of the treasurer was read, closing the accounts of the convention which was held in our midst a few days ago.

The ladies of the club feel that the different committees which had the convention in charge are to be congratulated upon their good management.

After the business was concluded Mrs. L. C. Gracy, the leader for the afternoon, took charge, and Mrs. A. L. Foster read a very interesting paper on Queen Elizabeth. Miss Clara Pound, in her usual delightful manner, rendered a piano solo, which was greatly enjoyed. After this Mrs. Gracy, by her questioning, brought out a discussion of the Elizabethan age.

The club adjourned to meet on the 16th inst., instead of the 9th, with Mrs. Jackman.

PRESS REPORTER.

AN EXPENSIVE RUNAWAY.

Carriage and Buggy Come Together With Disastrous Results.

There was a runaway on the east side of the square Thursday morning which caused considerable excitement and some damage. A team with a city hack in tow made a bold effort to get away from the harness, and when in front of the store of the Baird Hardware Company ran into a buggy occupied by a lady. There was at once a general mix-up, and the result was that the horse attached to the buggy was thrown, the lady was frightened almost into hysterics, and the vehicle was damaged.

There was nobody to blame, apparently, as nobody was careless. The driver of the hack, it seems, had a gentle team, but had stopped a moment to get a sandwich, when his team suddenly became frightened and ran. It is to their credit to state that as soon as they discovered they had come in contact with the buggy, with great instinct, they checked, with probably saved a great deal of damage, to say nothing of the injury to the lady.

NEW CURE FOR STOMACH.

J. W. McCollum & Co. Give The Sun Readers a Chance to Try It.

Since nobody knows when people have suffered from indigestion, sick headaches, bloating, dizzy spells, distress after eating, sleeplessness and the many other symptoms of stomach trouble and have found the usual remedies powerless.

Here is a chance for The Sun readers who may suffer with weak stomach to test without risk of loss the new prescription called Mi-o-na for indigestion that has met with great success wherever it has been tried.

This treatment which strengthens the whole digestive system so that the stomach does its work without any distress is sold by J. W. McCollum & Co. under a guarantee to refund money if the remedy does not do all that is claimed for it.

Mi-o-na costs but little a box and but few will do more than use a dozen boxes or ordinary directions to effect.

A CLOSE GAME IT WAS AT ROLLINS

The Score Was Nothing to Nothing in an Interesting Game.

ALL THE BOYS PLAYED WELL

Shands and Alderman, for the University, Distinguished Themselves, But the Support Was Good—University Still the Champions.

Winter Park, Dec. 5.—It was a hard-fought but most friendly game between Rollins and the University of Florida football teams today, every inch of ground being well contested. It was the prettiest game, no doubt, ever seen on a Florida gridiron, both teams being evenly matched, and both playing with a good-natured determination to win. The entire game was carried off without a hitch or a misunderstanding, both teams being not only in excellent shape, but in excellent humor as well.

It was a hard game, however, as neither team was enabled to score, notwithstanding that strenuous efforts were made from a physical standpoint. The men were well matched, but the University had a little advantage in the kicks. The ball was well handled, however, and was never permitted anywhere near the goal.

Shands and Alderman played good ball, as did the other members of the team. The game was one of the most evenly matched ever played in this section of the country, but inasmuch as there was no score it still leaves the University boys the champions of the State.

DELIGHTFUL CARD PARTY.

Miss Lucille Colclough Entertained in Compliment to Visiting Friends.

In honor of Mrs. Patterson of Miami and her sister, Miss Barco of Ocala, Miss Lucille Colclough, at the handsome home of her parents, Mr. and Mrs. C. A. Colclough, entertained at cards Wednesday evening.

Unfortunately Miss Barco was detained. She was expected on Wednesday afternoon, but in some manner was deprived of the pleasure, hence the function transpired without the brightness of her presence.

Whist was the game, and there were seven tables. Miss Colclough retained her reputation as a hostess, and altogether the evening was passed off in a most enjoyable manner.

The gentleman's prize, a pocketbook, was won by Dr. D. B. Morris, while the lady's prize, a handsome vase of Hindoo ware, was awarded to Miss Wilcox on a cut between several of the lady guests.

Delicious refreshments, comprising chicken salad, olives, saltines, etc., were served.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE TWO INVINCIBLES

Cod Liver Oil and Iron.

Cod Liver oil and iron in some form or other are prescribed by physicians the world over, more than any other two remedies the world has ever known, for anemia or poor blood, weakness, convalescence, and all wasting and pulmonary diseases.

Iron, because it is the basis of the blood and without a sufficient amount the blood is impoverished, watery, pale and impure.

Cod Liver Oil, because it contains curative and reconstructive qualities greater than that possessed by any other one medicinal agent.

In Vinol, modern science has given to the world a combination of these two world-famed tonics—Cod Liver Oil and Iron, but shorn of all useless oil or disagreeable features.

Vinol is made by a scientific, extractive and concentrating process from fresh cod's livers, combining with peptonate-of-iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

As a body-builder and strength creator for old people, delicate children, weak, run-down persons, after sickness, and for Chronic Coughs, Colds, Bronchitis, and all throat and lung troubles, Vinol is unexcelled.

We ask Gainesville people to give Vinol a trial. It won't cost anything unless it gives satisfaction.—W. M. Johnson, Druggist, Gainesville Fla.

A LIVE STOCK MAN.

F. S. Rhoades, Former Special Agent, Is Now Settling Down.

Friends of F. S. Rhoades, for a long time special agent of the Atlantic Coast Line with headquarters in this city, have been wondering "where he was at" for the past few weeks, as they had missed his genial countenance about the depot.

It has developed, however, that Mr. Rhoades, who was familiarly known among the boys as "Florida Southern" Rhoades, becoming weary of the life of a special agent, and with an eye to business, purchased a fine pasture and a number of cattle near Brooksville, and that he is now a full-fledged stockman, with a bright prospect before him.

Mr. Rhoades had a number of friends, not only in Gainesville but throughout his entire territory, who will be glad to learn that he is prospering in his new venture, although they regretted very much to have him leave his former position.

Who Are Coburn's Minstrels?

They are the newest, swellest, most progressive company of up-to-date, hustling, wide-awake singers, dancers, comedians, musicians, athletes, novelty and vaudeville minstrel performers that can be gotten together by a live manager. They are the clan whose energy, ideas, ability and efforts combine to form and present to the minstrel-loving patrons of every city they visit, a first-class evening's entertainment and relaxation. They are the "live wires" in minstrelsy, with ideas of their own which will not permit them to become "chair warmers," "has-beens," "fillins" and second-row supernumeraries of the much heralded mammoth productions. They are the Great "Harlow Minstrels" reorganized under the direction of J. A. Coburn, one of the most energetic and progressive minstrel directors in the country, who has for the past ten years brought to Gainesville one of the cleanest, most enjoyable attractions ever seen in our city. The company who have never presented an inferior or mediocre show, guarantee of "your money's worth or your money back" absolutely assuring all patrons of fair dealing and good faith.

Everybody, rich, poor, high and low, are invited to attend the opera house matinee and night on Saturday, Dec. 7. Don't forget the date and place and remember the band concert at noon.

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but it moves the mucous and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. So Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed seventy three worms. Sold by W. R. D. Medlin has returned from Williston, where he has been looking after his extensive lumber interests. Mr. Medlin is engaged in the lumber business in Williston.

J. A. King of Orange Heights was in the city yesterday, and among other business was a renewal of subscription to The Sun. Mr. King states that the people in his section are happy and contented, as crops have been good.

Mr. and Mrs. W. S. Prindle left yesterday for New Haven, Conn., having been called on account of the illness of the former's mother. They were followed to the train by many friends, who wished that Mr. Prindle would find the condition of the patient much improved.

Millions of bottles of Foley's Honey and Tar have been sold without any person ever having experienced any other than beneficial results from its use for coughs, colds and lung troubles. This is because the genuine Foley's Honey and Tar in the yellow package contains no opiate or other harmful drugs. Guard your health by refusing any but the genuine. J. W. McCollum & Co.

H. L. Hutchinson, representing a large wholesale grocery house in Jacksonville, left yesterday for Hawthorn. F. J. Hammond, the merchant of Hawthorn and one of the most extensive dealers in the East End, was burned out a few days ago. He evidently intends engaging in business again at once, as Mr. Hutchinson intimated that he had been summoned to Hawthorn to sell Mr. Hammond his reopening bill.

W. N. Wilson, who owns a fine grove on Lake Weir, has gone to that point, where he is looking after his interests. Mr. Wilson is now shipping and anticipates a good return from his crop, as the fruit is especially fine. This is one of the groves which required extra attention during the long summer drought, and Mr. Wilson employed a number of double teams in hauling water for the same for several days. He feels rewarded now, however.

THE PERFECT WAY

Scores of Florida Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

S. B. Lemons, cigar maker, living at 1311 Adalet street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were highly colored and if allowed to stand would become of the consistency of jelly. I tried various remedies taking what seemed like gallon of medicine and I also put on plasters but it did not help me at all until I got Doan's Kidney Pills upon the advice of a friend of mine and using them according to directions they cured me in a very short time.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

LITTLE BABY CURED OF ECZEMA

Parents Applied to Hospitals and Doctors but Could Get No Relief—Grew Worse Under Doctor's Prescription—Friends Recommended Cuticura—Result

A SPEEDY AND PERMANENT CURE

"We express to you herewith our best thanks for the cure of our baby from eczema. The eczema appeared when the child was three months old. We applied to several doctors and hospitals, each of which gave us something different every time, but nothing brought relief. A physician recommended a salve which we threw into the fire after two days' use as the eczema became worse so that the baby scratched his face. At last, one of our friends recommended to us Cuticura Soap and Cuticura Ointment. A few days afterwards improvement could be noted. Since then we have used nothing but Cuticura Soap and Cuticura Ointment, and now the baby is six months old and is quite cured. All that we used was one cake of Cuticura Soap and two boxes Cuticura Ointment, costing in all $1.25. Even the poorest man can pay that instead of throwing it into the doctor's lap. I myself only make twelve dollars a week as a teamster, but I recommend the Cuticura Remedies strongly to all mothers whose children suffer from such diseases. They are cheap, harmless and good. C. F. Kara and Wife, 343 East 65th Street, New York, March 30, 1906."

FOR SORE HANDS

Soak the hands on retiring, in a hot, creamy lather of Cuticura Soap. Dry and anoint freely with Cuticura Ointment, and in severe cases spread the Ointment on thin pieces of old linen or cotton. Wear during the night old, loose, kid gloves, with the finger ends cut off and holes cut in the palms, or a light bandage of old cotton.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Pills (Chocolate Coated, 25c. per vial of 60) to Purify the Blood.

Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Depots: London, Newbery, 27 Charterhouse Sq.; Paris, Roberts, 5 Rue de la Paix.

SERMONETTES

BY J. MARVIN NICHOLS.

Let your cravings to get happiness be displaced by a desire to give happiness.

Love always understands and knows. It justifies if it can; and if it cannot, it is sure to forgive and forget.

You may be sure that if you search for happiness it will elude you, but comes quickly when you seek to bestow it upon some one else.

We are living in an age when buoyant youth refuses to worship the duties and bones of the musty past. Whether the future shall profit remains to be seen.

Say what you will, in the last analysis we shall find that these Nazarene graces follow upon the piping days of grasping commercial and insatiate human greed.

LETTUCE MOVEMENT HEAVY.

Many Carloads Are Being Shipped Over T. & J. Every Day.

The movement of lettuce from Rocky Point, Tampa and other points South on the Tampa and Jacksonville, formerly the Gainesville and Gulf, has been very heavy the past two weeks, especially during the past few days. Several carloads of fine lettuce, fresh from the fields, and as fine as was ever grown in the world, have been packed and shipped by refrigerator express, and the growers hope to realize good prices.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug Law as it contains no opiate or other harmful drugs and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

THE JOB IS NOT TOO BIG.

It is a rare and gratifying compliment to Governor Broward, and to Florida also, that he has been elected president of the National Drainage Commission which has just concluded its session at Baltimore. There were many distinguished men from various parts of the Union in attendance, and the selection of Governor Broward from among so many is a deserved tribute to a man who is undoubtedly a high-class expert on drainage and has given the subject in its large aspects profound study. We hope that the new president of the commission may be able to enlist the aid of the Government in draining our vast swamp areas in Folrida. The job is too big for the State.—Live Oak Democrat.

We endorse all the above except "The job is too big for the State." How does The Democrat know the job is too big for the State? What evidence has it of that fact?

Only last week the trustees of the Internal Improvement Fund placed on the market about 12,000 acres of land in the vicinity of Ft. Lauderdale, reclaimed under the Everglades drainage scheme; and this with the work hardly fairly under way, and the great body of the 'Glades yet unpenetrated and unaffected by the work that has been done.

These 12,000 acres of land are put on sale by the State at $15 and $20 per acre. Approximate the price at $17.50 per acre, the revenue derived from the sale of the same will amount to $210,000. And this is only a drop in the bucket, so to speak. If the Everglades drainage scheme is successful millions, instead of thousands, of acres of the 'Glades will be reclaimed. So far the success of the plan has been most gratifying. The land reclaimed is the most fertile in the State, and is being taken just as fast as applications can be filed and sales made, and this will be true of every acre in the 'Glades if they are drained and made tillable.

If nothing is ventured nothing is gained. So far Broward's Everglades drainage scheme has been all expected of it, and there has arisen nothing to indicate the fact that "the job is too big for the State." At the present time it looks like an easy and profitable problem.—Miami Metropolis.

"Christmas, in some respects, seems now to be a commercial scramble rather than a religious festival," says Edwin Markham in The December Delineator. "For weeks before Christmas many of our factories are run under bursting pressure; our stores are crowded to suffocation. In the name of the young child we make Christmas an abomination to thousands of working children. To prepare even the bonbons for the Christmas tree and the Christmas table in many box and candy factories children are rushed in and put to work at monotonous, nerve-racking tasks for long hours, often running till eight or even later in the evening. In the stores extra helpers, many of them children, are taken on to work in a strain of haste that depletes the worker for weeks afterward. Little children, often overheated or chilled, are herded to cash-registers, wrappers and deliverers; and they are in some places harried and hurried as no savage ever works a child—as teams of dogs should not be driven."

Allens sixty thousand strong are looked to sail for home this week, so we [illegible] that to stay for the holidays they wouldn't help the enjoying situation.

NEGROES AND SOCIAL ORDER.

The Southern Farm Magazine of Baltimore for December says: "Inherent timidity of the negro and his comparative immunity from insanity until the work of his 'uplifting became effective and not his devotion to law and order explain why the negro race has not been productive of Czolgosges or Guiteaus. That barrenness, however, may not continue if educated negroes, cursed with the taint of depraved white blood, are permitted, because they are negroes, to outrival Johann Most or Emma Goldman in rabid appeal to literate ignorance, or if presumptive whites continue unwittingly to manifest atavistic traits in making themselves equal to indisputable negroes. But even the militant anarchy thus nursed among negroes will be as nothing compared with the anarchy cultivated in the notion that negroes may be petty thieves and at the same time firm believers in social order."

Senator Ben Tillman is not despised by all the negroes, as hostile newspapers would make believe. The Nashville Tennesseean of a recent date says: "'Did you know that Senator Ben Tillman is liked by every negro down around his home?' asked J. D. Loraine of Charleston at the Hotel Duncan. 'Well, he is, and the negroes would fight for him any time. He does not take a pitchfork to them down there. When they want rations, tobacco or any little money with which to buy medicine for themselves or for one of their family, they know that Senator Tillman will let them have it. He is the kindest person you ever met to the people who live around him. It is true that he has an awful temper, but he stands ever ready and willing to aid someone in distress. The negroes think he is the greatest man alive down there and praise him on all sides.'"

Henry Gassaway Davis, the possessor of $20,000,000 at the age of 84, is about to marry a poor girl. He was the Democratic Vice-Presidential nominee three years ago and is still ready for almost any sort of a stunt. We thought Ex-Governor Bloxham youthful when he led a bride to the altar at the age of 72, but Hon. Henry Gassaway Davis puts him in the shade.—Ocala Banner.

AFGHAN WOMEN.

High Caste Mothers Have a Lonely, Lazy Time of It.

If there are any women in the world who have a right to die of ennui it is those poor creatures of Afghanistan, the upper class dames. They spend their days doing absolutely nothing, for they disdain sewing, cooking and general household duties. They leave the care of their children to slaves, and they can neither read nor write.

Generally in a rich house there is one chief slave, a sort of housekeeper, rather a grand person, whom it is always wise to conciliate if you intend having many dealings with that establishment. In summer she is always dressed in purest white. In winter velvets and brocades are not beyond her reach. She is generally an elderly person, with considerable influence and a good deal of authority.

Then there is another who is a sort of maid to the lady of the house. She is another person with whom it is not wise to quarrel. She is always very much in evidence. She it is who prepares everything for her mistress' toilet, as also for her master's. It is the wife's special duty and privilege, however, when the things are prepared to wait upon her husband when he is dressing, to pour the water over his hands and feet during his religious washings, to spread his prayer carpet, to put his favorite dish before him, and so on.

It is difficult to appreciate the exact position of these Afghan women until one sees the way in which mothers are treated by their sons. They may nurse them when they are sick, tend them when they are young, but let the boys grow to be eleven or twelve years old and you will hear them tell their mother to "chup sho" (shut up), send them to fetch their caps and expect to be addressed by the mothers as "agha gul," or "agha jon," which means "my precious master," "master dear."

Kabul mothers seldom have much affection for their children or their children for them. They do not nurse them as babies, and their babyhood is a particularly long one, for they are very backward. They belong to their nurses more than to their mothers till they are two and one-half years old, and after that it is their father who notices them and not their mother.—Exchange.

She Liked Sailing.

The following true tale is a most curious instance of living well on nothing a year without breaking the laws of the land. Many years ago a steam packet company of Liverpool wished to buy a piece of land which was owned by a "stay at home spinster," as her neighbors described her. She sold her land at a very low price, but insisted upon a clause being inserted in the agreement giving her the right at any time during her life to travel with a companion in any of the company's vessels.

When the agreement was closed she sold her furniture and went on board the first outgoing ship belonging to the packet company. For years this wise spinster lived nearly all the time upon one ship or another, frequently accompanied by a companion, according to the agreement. This was always a person who otherwise would have been a regular passenger, but who purchased her ticket at reduced rates by paying the spinster instead of the packet company. The company offered her more than twice the value of the land if she would give up her privilege, but this she would not do. Her reply was, "You got the land cheap, and I like sailing, so we both should be satisfied."

An Anonymous Tombstone.

"Speaking of gravestone inscriptions," said the commercial traveler, "about the most independent and defiant I have ever read I discovered in the quaint little southern town of Cheraw, S. C.

"While waiting for a train a fellow traveler and I strolled over to a deserted little cemetery across the way from the railroad station for the purpose of whiling away the time by reading the inscriptions on the weather stained tombstones. The cemetery was all grown up with weeds and vines.

"We discovered nothing of particular interest till we came across a stone almost entirely hidden by the weeds. Though it was getting dark we managed to make out the following inscription:

"My name, my country, what are they to
thee,
Whether high or low
Perhaps I
Perhaps I
Suffice it,
Thou knowest
whom."

THE WEASEL.

His Ferocity Unbounded and His Courage Invincible.

The weasel is the most bloodthirsty of all our native carnivors. His ferocity is unbounded. His courage invincible. He is one of the few British wild animals from whom man has to fear attack.

If you meet a group of weasels you will do well not to interfere with them, for those who have done so have occasionally suffered for their temerity. His dwarfish size rather accentuates than diminishes the detestation in which he is held, for there is some thing amusing to the idea of so much ferociousness and cruelty being compressed in so small a frame.

The rabbit, who will fight a fierce and bitter battle with one of his own kind, is paralyzed with fear at the mere sight of this puny foe, whom he could probably pulverize could he brace his heart to the attempt. Squealing with fear, he keeps stupidly about until the little vampire springs upon his neck and buries his fangs in an artery.

Then the victim either sinks to the ground and submits to his fate or, suddenly acquiring the use of his legs, he speeds aimlessly along, the weasel clinging to his neck till his work is done. There are few more pitiful sounds in nature than the purple-throated cry of a rabbit when he finds that he is being stalked by a weasel.—London Answers.

CANDLES POPULAR.

The World Uses More of Them Now Than It Ever Did Before.

The "tallow dip" of our grandfathers is no longer made of tallow, exactly. It is made of stearic acid, which is only one ingredient of the tallow that grows in the sheep and in the steer.

Neither is the "tallow dip" of today a real "dip." They used to take long wicks and dip them in hot tallow, time after time, till the candle had acquired the proper thickness. Today they run hot stearic acid into molds and make a hundred candles instantaneously.

The "tallow dip" on the market today, therefore, would be more accurately described if it were called a "stearic acid mold." But nevertheless it remains a tallow product. It is the direct lineal descendant of the "tallow dip" of our grandfathers. And it is still so popular that just about 130,000,000 pounds of tallow, according to the calculation of one of the best informed manufacturers of Chicago, are consumed every year in the candle factories of the United States. Although gas and kerosene and electricity have deprived the candle of a large part of the popularity to which it might be entitled, it is probable that in both hemispheres today there are more candles shedding their mild and humble radiance than in any previous period of the world's history.—Technical World.

Too Enthusiastic.

Edwin Forrest once produced a play called "Metamora." Supers were engaged to personate Indian warriors, and among them was a bright Irish lad who had a deep admiration for the great tragedian. At a point in the play where Metamora asks, "Am I not the great chief of the Pottawatomies?" the supers are supposed to grunt "Ugh, ugh!" The stage manager had carefully drilled them in what they were expected to do, but on the night of the performance the young Irishman was so transported by Forrest's acting as quite to forget that he was impersonating an Indian. When Forrest turned to the assembled warriors and thundered forth, "Am I not the great chief of the Pottawatomies?" the Irish boy's enthusiasm broke through all restraint. He leaped into the air with a wild shout and, twirling his tomahawk about his head, replied, "Begorra, ye are!"—London Standard.

CULBERSON IS CHOSEN.

Texan Will Be Leader of the Senate Democrats.

Washington, D. C., Dec. 5.—The democratic senators held a conference after the adjournment of the senate Tuesday and elected Senator C. A. Culberson, of Texas, chairman of the democratic caucus. This position carries the nominal leadership of the minority on the floor of the senate.

Senator McCreary, of Kentucky, was chosen vice chairman, and Mr. Owen, the senator-to-be, from Oklahoma, was made secretary of the caucus. Both of the coming Oklahoma senators attended the meeting, they being virtually recognized senators, although their formal election by the Oklahoma legislature is yet a short time off.

A resolution was passed by the caucus asking the chairman to appoint a steering committee, whose duty it shall be to arrange for democratic assignments on senate committees and to shape the legislative course of the minority as far as possible.

Colonel Whipple Nominated.

Washington, Dec. 5.—The president has sent to the senate the nomination of Colonel Charles H. Whipple, assistant paymaster general to be paymaster general of the army to succeed General Sniffen, who retires Jan. 1. The president also sent to the senate over 900 recess nominations, most of which have been published.

Blackburn Is Confirmed.

Washington, Dec. 5—In executive session the senate confirmed without reference to committee the nomination of former United States Senator Blackburn, of Kentucky, to be a member of the Isthmian canal commission. Several hundred other nominations sent to the senate by the president were referred to various committees.

Garner Wants $500,000,000 in Notes.

Washington, D. C., Dec. 5—Representative Garner, of Texas, has introduced a bill creating a new form of legal tender to be called "United States currency notes," and providing for their printing to the amount of $500,000,000.

HANSON TO RETAIN CONTROL.

No Change In Presidency of the Central of Georgia R. R.

Atlanta, Dec. 5.—In view of the recent and frequent published statements that under the changed ownership Major J. F. Hanson, president of the Central of Georgia Railway company, would sever his connection with the management of that company, a statement of John D. Little, of King, Spalding & Little, for a number of years connected with the legal department of the Central, is of interest. Mr. Little is known to be a close friend of Major Hanson, and asked as to whether the rumor had any truth in it, he said:

"While I hesitate to make any statement as to the purposes either of the present owners of the Central of Georgia Railway company or of Major Hanson, having no authority to make such statements, I happen to know the fact and you are welcome to the facts if you want them. Major Hanson is not going to resign from the presidency of the Central of Georgia Railway company, but will remain in control and direct the affairs of the company as provided as a condition of the purchase that Major Hanson remain in control and direct the affairs of the properties."

LITIGATION WITHDRAWN.

Coast Line Railroad Will Obey Laws of Alabama.

Montgomery, Ala., Dec. 4.—Governor B. B. Comer has gone to Washington where he will deliver an address at the meeting of the waterways convention. He will be out of his office for the balance of the week. He is very much interested in the waterways subject, having made it much of his campaign thunder while before the people. W. F. Vandiver and several others went also to the sessions.

Before leaving, the governor made an agreement with the Atlantic Coast Line railroad to accept the state laws and withdraw litigation from the federal court. The contract is the same as that entered into with the Seaboard Air Line, providing for two and three-quarter cent fares and the Georgia mileage rates on freight.

President Emerson and Vice President Alexander Hamilton were here to make the arrangements, which are effective Dec. 10.

KILLED AT HIS WEDDING.

Rejected Suitor of Bride Supposed to Have Murdered Groom.

Brownsville, Pa., Dec 1.—While the festivities in celebration of his marriage were at their height early Sunday, George Bea, aged 38 years, accompanied by several companions, left the house to urge a friend living near by to join in the fun.

They had got but a short distance when half a dozen men, supposed to be rejected suitors of Bea's bride, leaped from hiding, and one of them dealt Bea a blow that fractured his skull and caused his death a few hours later.

Bea's friends endeavored to assist him, but were forced to retreat. In the fusillade of shots John Jacovic, a guest, was hit in the face by a bullet and seriously injured.

TWO KILLED; TWO HURT.

Boiler of Heating Apparatus Exploded at Brunswick, Me.

Brunswick, Me., Dec. 4.—The boilers of the heating apparatus at the Maine Central railroad station exploded shortly after midnight, Saturday, blowing the roof entirely off the station and reducing the building to a mass of wreckage.

The Bangor and Portland night train had pulled out of the station about three minutes before the explosion occurred.

The bodies of Walter Harris, car inspector, and William B. Woodworth the night baggage master, were found in the ruins. No one else was killed by the accident.

The exact cause of the explosion is not known.

VISCOUNT AOKI RECALLED.

He Is Ambasador to the United States From Japan.

Chicago, Dec. 4.—A dispatch to the Tribune from Washington, D. C., says:

Viscount Siuzo Aoki, ambassador extraordinary and minister plenipotentiary from Japan to the United States has been recalled.

He called at the White House and state department Monday and notified the president and Secretary Root of

Viscount Aoki, Ambassador.

this fact. Technically, he has been sent for by his government to make a personal report as to the feeling in this country on the exclusion question. Practically he will return to Washington, D. C.

Ambassador Aoki gave notice of his recall practically at the same time that word was received here of the sailing of the torpedo section of the fleet destined for the Pacific.

Many people may connect the things together. Whether or not Japan connected them remains to be seen.

There is every reason to assert that his recall for the purpose of making a verbal report is caused by the fact that his government thinks he has been too temperate, too moderate, too conservative, too amicable and finally, too peaceable.

He has been here but little over a year, having presented his credentials on May 8, 1906, and his recall at this time can be taken as nothing else than an expression of disapproval of his course on the part of the Japanese government.

AWFUL CREATURE WAS NINETY FEET LONG

Recent Grewsome Experience of a Chicago Man Is Sample of a Series of Such Cases

During L. T. Cooper's recent visit to Chicago, where his new preparation and theory created the usual sensation, many hundreds of people brought enormous internal parasites to the young man, which had left the system after taking his medicine.

Among these people was Mr. Emil Winkler, who brought to Cooper a tapeworm that proved to be over ninety feet in length. Mr. Winkler, who resides at 182 East Ohio Street, Chicago, had this to say of his experience: "For five years I have been more or less complaining. I have had severe headaches, and any food that I would eat would nauseate me. I would have bad dreams almost every night; dizzy spells would compel me to quit work. Black spots would appear before my eyes when stooping over and rising quickly. I would feel tired most of the time; in fact, I had no life in me to speak of for the last five years. I tried various treatments, and one physician in St. Louis was recommended to me, and I was under his treatment some time, but as usual I obtained no relief.

"So many people asked me to try Cooper's preparation that I decided to do so, and after using it for a few days, this awful thing passed from my system. I feel much better already, and I want to say right here that I thank Mr. Cooper a hundred times for what his medicine has done for me. I would not take $5,000 and have that thing back in my system again."

Mr. Winkler is a fair sample of the experience of many during Cooper's stay in Chicago, and this no doubt helped to account for the enormous sale of the Cooper preparation in this city and others, recently visited by the young man.

We sell and will be pleased to explain the Cooper preparations.
